BOB WATTS HANGS AT GUNTERSVILLE, ALA.

Young White Man Who Murdered Old Confederate.

CRIME OCCURRED IN YEAR 1904

Watts Became Possessed of a Knife and Resisted to the Last—Ammonia was Thrown in Cell and He Was Dragged to the Gallows.

Centerville, Ala., April 26.—Bob Watts, a young white man, was hanged in the jail yard here Thursday for the murder of Perd Winkles, an old confederate soldier, who was killed in this county in the fall of 1904.

Winkles had just drawn his pension money amounting to $30 from the state, and was enroute home when the discharge of a gun followed by screams was heard. Friends who hastened to the place found Winkles lying in the road mortally injured.

The dying man said that Watts had shot and robbed him.

Watts was convicted and sentenced to hang, but an appeal was taken to the supreme court, which affirmed the sentence.

Meanwhile Watts, who had been safekeeping, was pronounced in E taken to the Birmingham jail for safekeeping, was pronounced insane, and sent to the insane asylum. Further reprieves followed, until six different dates had been fixed for the execution.

Recently, Watts was declared sane again, and Governor Comer refused to grant another reprieve.

Watts had become possessed of a knife, and resisted to the end.

Ammonia was thrown into his cell, and he was thus overcome and was dragged to the scaffold by force, coughing and moaning piteously.

Being asked for a statement, he persistently protested his innocence, but did not attempt to throw suspicion on any one else.

The drop fell a 8:20 o'clock.

Watts all along asserted his innocence.

GIRL WAS DRUNK.

Believed Young Estes Made No Assault Upon Miss Loving.

Danville, Va., April 26.—The dead ment has been sent out to various newspapers signed by J. H. Shipman of Livingston, Va., on behalf of Theodore Estes, who was killed Monday afternoon by Judge Loving, protesting against the accounts of the tragedy hitherto published. He declares that the statement that the daughter of Judge Loving, in his statement before the bail commissioner, did not make such an allegation.

Shipman is acting in behalf of the friends and relatives of young Estes, who are apparently determined to sift the affair to the bottom. He claims that the only provocation Judge Loving had was that Miss Loving had become intoxicated from a drink of whisky given her by young Estes.

It is said there are absolutely no grounds for Judge Loving to have been of the opinion that Estes had wronged his daughter during the Sunday evening drive with her.

The statement is made that while Estes and the girl were driving together the young man gave the girl a drink of liquor from a flask which he had in his pocket, and the impression is sought to be made that the young woman was intoxicated and no more.

Indeed, there is a growing belief here, as in Nelson county, that Estes was guilty of no asault on the young lady and that she was not drugged.

SPECTACULAR FIRE AT PITTSBURG, PA.

Large Warehouse Filled With Lard Destroyed.

LARGE AMMONIA TANKS BURST

Blazing Grease Spouted from Crevices, Doors and Windows, Endangering the Surrounding Property. The Loss Placed at $300,000.

Pittsburg, April 26.—One of the most remarkable and spectacular fires ever seen in this vicinity started on Wednesday night in the William Zoeller Packing company's plant, in Allegheny City.

Early Thursday the fire was under control.

A large warehouse in which was stored 500,000 pounds of lard, suddenly burst into flames later on. All efforts to extinguish the fire in this department were futile, and the firemen finally fastened the iron door of the building, shutting in the burning lard.

The interior of the building soon became a seething furnace.

Spurting from crevices, doors and windows streams of hot grease ran into a sort of trench hurriedly prepared in an endeavor to prevent the hot fluid from spreading over the surrounding territory.

Dangers were encountered at every turn by the firemen, who stoond by in case the walls of the warehousee should collapse and prevent the burning lard from reaching the adjoining property.

Shortly after the fire was discovered, and while thousands of spectators were gathered in the vicinity, a dozen of the large ammonia tanks exploded with terrific force. There was a panic among the spectators, but no one was injured.

It is estimated tthat about $300,000 would be a conserevative approximate of the loss.

NEW RAILROAD CRUSADE.

Roosevelt Will Begin Same in Speech He Will Make at Indianapolis.

Chicago, April 26.—A dispatch to the Tribune from Washington, D. C., says:

Memorial Day at Indianapolis will mark the beginning of a new railroad crusade on the part of President Roosevelt. His speech at that time will be devoted to the future and not to the past. He will then explain for the first time in public his idea in regard to over-capitalization of railroads. This will be connected inevitably with a proposition for supervision of corporations doing interstate business, and their regulation by the federal government as railroads are regulated today.

Every development of late shows that most of the big lines of railroads in the United States are vastly overcapitalized, some of them having a capital stock of issues amounting to from two to ten times their actual cost. It is the purpose of the president to get at the facs rather than to suggest a remedy, but it is the facts themselves which the railroad men are most anxious to conceal. They were not half so much afraid of the law as they are of the results of an honestly conducted government commission to inquire into the cash value of the railroads, and to fix the responsibility for a vast amount of watered stock which has been unloaded upon the public.

Lyle, the alleged murderer of his wife and four-months-old baby in this city on the 20th of January last, made a statement in his own behalf during the morning session of Ware superior court Wednesday, pleading that the killing of his wife was an accident, and stating that he does not know when or how the shot was fired which killed his babe.

FATAL DRINKING FROLIC.

Three Negroes Dead In Servant's House at Home of Pastor.

Danville, Va., April 25.—The dead bodies of John Dandridge, Adena Moore and William Spraggins, and the unconscious form of Lillie McCain, all young negroes between the ages of 20 and 31 years, were found stretched out on the floor and on the bed in the servant's room of Rev. W. H. Atwell, presiding elder for the Danville district of the Methodist church Wednesday afternoon.

When, after repeated knocking at the door, no response was made the door was battered down. The condition of the room indicated that a party had been on a drinking and eating frolic Monday night and that the victims had died while asleep during the last night from poisoning. Mystery surrounds the case, and the police have been at work on several clews.

They are on the lookout for the husband of one of the women who had been separated from him. An autopsy wil be perfomed on the dead bodies. Lillie McClain is in a critical condition at the hospital, and is unable to make a statement.

MEMORIAL DAY WAS SPLENDID SUCCESS

Excellent Program Was Rendered From Band Stand Friday.

DECORATION OF THE GRAVES

Daughters of Confederacy and Friends Proceeded to Cemetery in the Morning Where Flowers Were Strewn. The Afternoon Ceremonies.

Confederate Memorial or Decoration Day, 1907, has come and gone, and it will be a day long to be remembered by the good people of Gainesville, who observed the day in the usual impressive manner.

In response to a call, the ladies of Kirby Smith Chapter and J. J. Finley Chapter, United Daughters of the Confederacy, assembled at the court house at 9 o'clock, where carriages were in waiting, and from whence the ladies and their friends were conveyed to the cemetery. There was an abundant profusion of fragrant floral wreathes and bouquets, and at the cemetery, with appropriate ceremonies, were tenderly placed upon the graves of those heroes who so nobly defended the cause which they lost, but which they believed was right, in the bloody, gloomy days of the Civil War.

Returning to the city, those who attended the exercises at the cemetery repaired to their respective homes, as the program had been concluded until the afternoon ceremonies, which began at 5 o'clock.

At the Band Stand.

At the band stand, in the close proxmity of which is the handsome Confederate monument erected by Kirby Smith Chapter, the exercises were held. There was a large and representative crowd present, being members of both chapters of the U. D. C., a detachment from Stonewall Camp, U. C. V., and representatives of Lew Wallace Post, G. A. R., of which Col. H. F. Dutton is commander, all of whom had been invited by Kirby Smith Chapter, under the auspices of whom the program was given. A battalion of cadets from the University of Florida was also present, lending dignity and impressiveness to the occasion.

The exercises were opened with an invocation by Rev. Francis H. Craighill of Holy Trinity church, who delivered a most beautiful and touching prayer.

Hon. Cristopher Matheson, who acted as master of ceremonies, next presented Congressman Frank Clark, who delivered the memorial address. Col. Clark enjoys the distinction of being one of the most eloquent and pleasing orators in all Florida, and it seemed that upon this occasion he was even better than ever, if such a thing was possible. For some time he held the closest attention of the large audience around him, every word being a word of good cheer and encouragement and praise for the noble women of the South, the speaker also frequently paying high compliments to the valor and bravery of the Confederate soldier in those trying days of war which rendered so many homeless and devastated so many fields which ware before the war thrifty and prosperous. The speaker paid special and glowing tribute to the heroism of Gen. Robt. E. Lee. He was heartily applauded during his talk and at the conclusion of his remarks.

Following Col. Clark Judge Horatio Davis, commandant Stonewall Camp, U. C. V., and one of the most widely known and most beloved survivers of the great conflict, presented, in his usual pleasing and impressive manner, several crosses of honor to those to whom they had been awarded.

The Kirby Smith monument was tastefully and appropriately decorated. Four streamers extended from the top of the shaft to each corner of the base of the monument, these streamers representing the colors of the Confederacy. There were also innumerable miniature Confederate flags in evidence, which made a very striking effect, and several rare pot plants and a liberal display of flowers added to the beauty of the decoration.

In all, the day was a success in every way. The weather was all that could be desired, the program was carried out with a perfect system, and the occasion will be remembered until another shall have transpired to take its place.

APPRECIATED THE MUSIC.

Prominent Attorney Donates Check of $10 to Show His Appreciation.

As a token of his appreciation for the excellent music rendered by Mrs. Becker, the organist, and Misses Christine Richards and Minna Hampton, violinists, during the recent mission services at Holy Trinity Episcopal church, a certain prominent attorney of this city who desires his name withheld, has sent to Mrs. Becker for the church a check for $10, asking that the same be accepted with his sincere compliments. He paid the musicians and choir a handsome compliment, remarking that the music was as fine as any church music he had ever heard.

It is needless to add that those interested appreciated both the compliment and the donation, which will be remembered.

MOVEMENT OF CUKES.

Several Hundred Crates Have Been Shipped from Rocky Point.

The cucumber movement from the Rocky Point section has begun, and the yield promises not only to be good, but the quality superior and the prices in proportion.

While the truckers as a rule have not yet begun to ship, one grower, O. P. Cannon, it is said, has shipped about 1,500 crates, all of which have been fancy, and which have realized good returns.

Cucumbers in the Northern markets are now quoted at from $3 to $5 a crate, according to size and quality.

Beets are also moving from the Rocky Point section.

Bought an Automobile.

Dr. M. H. DePass of Archer is determined to keep up with the style, and he will be more easily enabled to do so now, since he has purchased a handsome Cadillac automobile in which he will wade through the deep sands of the Archer section in future.

Dr. DePass passed through the city Wednesday en route from Jacksonville in his new machine, which is a ten-horse power, and one of the handsomest yet seen in these parts. He made the trip from Jacksonville to Gainesville easily in eight hours, which is remarkable, considering the condition of the roads.

The Doctor's friends will congratulate him upon his new purchase.

To Make Gainesville Home.

Gainesville will welcome as future residents Mr. and Mrs. F. J. Pons, two daughters and a son, who have arrived from Jacksonville, and are pleasantly located on East Main street N.

Mr. Pons is an extensive naval stoers operator and lumber man, owning several valuable places throughout the State. It is hoped and believed himself and estimable family will be pleased here.

One of the Important Duties of Physicians and the Well-Informed of the World

is to learn as to the relative standing and reliability of the leading manufacturers of medicinal agents, as the most eminent physicians are the most careful as to the uniform quality and perfect purity of remedies prescribed by them, and it is well known to physicians and the Well-Informed generally that the California Fig Syrup Co., by reason of its correct methods and perfect equipment and the ethical character of its product has attained to the high standing in scientific and commercial circles which is accorded to successful and reliable houses only, and, therefore, that the name of the Company has become a guarantee of the excellence of its remedy.

TRUTH AND QUALITY

appeal to the Well-Informed in every walk of life and are essential to permanent success and creditable standing, therefore we wish to call the attention of all who would enjoy good health, with its blessings, to the fact that it involves the question of right living with all the term implies. With proper knowledge of what is best each hour of recreation, of enjoyment, of contemplation and of effort may be made to contribute to that end and the use of medicines dispensed with generally to great advantage, but as in many instances a simple, wholesome remedy may be invaluable if taken at the proper time, the California Fig Syrup Co. feels that it is alike important to present truthfully the subject and to supply the one perfect laxative remedy which has won the appoval of physicians and the world-wide acceptance of the Well-Informed because of the excellence of the combination, known to all, and the original method of manufacture, which is known to the California Fig Syrup Co. only.

This valuable remedy has been long and favorably known under the name of—Syrup of Figs—and has attained to world-wide acceptance as the most excellent of family laxatives, and as its pure laxative principles, obtained from Senna, are well known to physicians and the Well-Informed of the world to be the best of natural laxatives, we have adopted the more elaborate name of—Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of Syrup of Figs—and to get its beneficial effects always note, when purchasing, the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package, whether you simply call for—Syrup of Figs—or by the full name—Syrup of Figs and Elixir of Senna—as—Syrup of Figs and Elixir of Senna—is the one laxative remedy manufactured by the California Fig Syrup Co. and the same heretofore known by the name—Syrup of Figs—which has given satisfaction to millions. The genuine is for sale by all leading druggists throughout the United States in original packages of one size only, the regular price of which is fifty cents per bottle.

Every bottle is sold under the general guarantee of the Company, filed with the Secretary of Agriculture, at Washington, D. C., that the remedy is not adulterated or misbranded within the meaning of the Food and Drugs Act, June 30th, 1906.

Coca-Cola ANALYZED

All over the U. S. and in foreign countries the remarkable popularity of Coca-Cola has drawn upon itself the attention and in some cases the criticism of Health and Pure Food Authorities. As a direct consequence Coca-Cola has been carefully analyzed in every section by the most eminent chemists, and never in a single instance has a derogatory report been returned. In fact the consensus of findings is that "THERE IS ABSOLUTELY NOTHING IN COCA-COLA ANY MORE HARMFUL THAN IS FOUND IN TEA OR COFFEE."

SPECIAL OCCASION.

Southern Baptist Convention and Auxiliary Societies, Richmond, Va., May 16-21, 1907.

On account of the above occasion we announce round-trip rate of one fare, plus twenty-five cents in the sale of tickets to Richmond, Va., tickets at this rate being on sale from May 13th until 16th inclusive, with final limit to leave Richmond fifteen days from date of sale. However, by complying with certain conditions and upon payment of fee of $1.00, an extension of this limit to June 17th may be procured.

The Seaboard has been declared the Official Route for delegates to this meeting. Those having the matter in hand were evidently guided in reaching the decision to name the line by some of the attractive features of the service, noticeable among these being the double daily service with through coaches and sleeping cars and then the following: Our people, with an idea of affording delegates to this and other conventions held in Richmond, an opportunity for visiting the Jamestown Exposition, perfected an arrangement whereby the return portion of tickets reading from Richmond are honored from Portsmouth, Virginia, without additional charge. This alone certainly makes the Seaboard especially attractive.

There is a movement now on foot to have the Florida Baptists assemble in Jacksonville, moving from there on the same train—one might say in a body. This, too, will make the trip more pleasant.

A FATAL ACCIDENT.

Boiler of Sawmill Near Ocala Exploded, Killing the Engineer.

Roadmaster R. E. L. Robinson of the Atlantic Coast Line returned Thursday from Ocala, where he has been on official business.

Mr. Robinson states that while the train upon which he was en route home was standing at Zuba, a small station eight miles north of Ocala, the boiler of the plant of the Summer Lumber Company exploded with terrific force, which could have been heard for several miles. Iron, brick and rubbish were thrown for hundreds of yards. A piece of iron struck the engineer in the head, killing him instantly. The boiler and engine rooms were a complete wreck.

The Summer Lumber Company is a new firm, the plant having been in operation only about two months.

An Enjoyable Hop.

An enjoyable informal dance was given at the home of Arch Zetrouer, Rochelle, a night or two recently, the same being complimentary to Messrs. J. H. Holder of Santa Fe and W. M. Barco of Dutton, who spent the night in Rochelle.

There were quite a number of young people of the Rochelle section in attendance, and it is needless to add that all thoroughly enjoyed the evening.

Messrs. Holder and Barco are quite popular in Rochelle.

TRUE TO HIS POST.

Though Wife Was Dying, Morris Would Not Break Oath.

Chicago, April 26.—A dispatch to the Tribune from Cincinnati, says:

Joseph A. Morris, an old soldier and watchman in the United States sub-treasury, while on duty early Wednesday morning received a message that his wife was dying and wanted him to come and say goodby.

The old man started to leave, but at the door of the treasury remembered his oath not to leave the building uunder any circumstances.

He stayed at his post, and when he got off watch his wife was dead.

Was Nipped in the Bud.

Tokio, April 26—Another threatened rising in Korea is believed to have been nipped in the bud by the prompt action of the Japanese administration. The plan for the proposed outbreak is reported to have been of a comprehensive character, but owing to the timely discovery of the conspiracy, enabling the authorities to arrest the ringleaders and take steps to overawe their followers, all danger is believed to have been averted so far.

A RAILROAD COLLISION.

A railroad collision blocks traffic and ties up the road, interfering with the proper operation of the system on which it happened just in proportion to the gravity of the accident. Something very similar has happened inside the human body when constipation manifests itself. The proper operation of the human system is interfered with and comfort and health suffer in proportion to the gravity of the case. Chronic constipation is a serious condition with which medical men frequently have to deal, and they recognize the fact that its permanent cure demands the restoration of elasticity and strength to the muscles that control the bowels. To accomplish this physicians of the better class are now using with much success a preparation of ½ oz. Fluid Extract of Senna, ½ oz. Rochelle Salts, 1 oz. Aro-Sagrada, 30 grains Bicarbonate of Soda, ½ oz. water and 1½ ozs. Glycerine. A dose of a teaspoonful of this is administered at bedtime and before each meal, the treatment being continued until there is free movement of the bowls. The prescription can be compounded by any good pharmacist.

Thousands Have Kidney Trouble and Never Suspect it.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of **Swamp-Root** is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.

PEARY'S COMING DASH.

Explorer Hopes to Return in Triumph from the Pole.

New York, April 26.—Robert E. Peary, more hopeful than ever of reaching the pole, is rushing his preparations to take the Roosevelt north again. He hopes to leave New York by the end of June, or in the first week of July. After wintering on the north coast of Grantland, he will make his dash for the coveted prizein February, and hopes to return triumphantly about fourteen months after steaming from New York.

Only the lack of absolute certainty that enough money will be forthcoming to finance the expedition is troubling him.

"It is incredible that with many men in New York who could spare $100,000 without missing it, that the plan should have to be abandoned for the lack of funds," said Mr. Peary. "Honestly, I have no doubt that the money will come from somewhere, though I have no absolute assurance of it as yet."

Mr. Peary regrets that a statement was recently made that he had $200,000 in hand to finance his expedition.

"Forty thousand dollars is the absolute limit of my resources so far," he said, "and the expedition cannot start until the amount is increased to $100,000."

POLICE GUARD TILLMAN.

Exciting Incidents During Senator's Address, but No Trouble.

Pittsburg, Pa., April 26.—As a precautionary measures twenty-two detectives and a squad of uniformed officers and policemen were stationed in the Carnegie Music hall Wednesday night during the address of Senator Benjamin R. Tillman, of South Carolina, who discussed the race problem before the Park avenue (Allegheny) Athletic club.

Several exciting incidents occurred, but no trouble resulted. There were but ten negroes in the audience, which filled the Music hall to overflowing.

At the close of the address, in which he declared the races in the south were gradually becoming more opposed to one another, Senator Tillman called for a vote of the audience as to whether the negro was the equal of the white man. The entire audience, except the ten negreos, voted in the negative.

One man took exceptions to Tillman's remarks and made several interruptions. Tillman made him admit he came from Europe and he bitterly denounced Europeans who undertake to judge questions concerning this country.

Boy Kills His Baby Sister.

Buckhead, Ga., April 26.—Little Myra Cochran, 2 years old, was accidentally shot and killed by her 12-year-old brother, Arthur, Tuesday morning. The youth had returned home from hunting, and in some way while unbreeching his shotgun, it was discharged acidentally, the whole contents going into the face of his little sister, who was lying on the bed. The parents are overcome with grief.

His Arrest Shortly Expected.

New York, April 26.—The Herald says that the identity of the man who engineered the raid on the securities of the Trust Company of America, for which two men, W. O. Douglas, the company's assistant, bond clerk and Oliver M. Dennett, a broker, are under arrest. When the man is arrested, it is said there will be told the most amazing story that the financial district has heard in years.

Day's Work Record Breaker.

Washington, April 26.—All previous records for a day's work in returning letters to writers from the division of dead letters, were eclipsed on last Monday when 20,268 letters were returned. The largest number heretofore returned in a single day was 14,480, on March 20 last. The number of letters on hand, awaiting return, has been reduced to 63,000.

Flag Presentation.

New York, April 26.—An American and a German flag, each edged with white, was presented Wednesday to Congressman Richard Bartholdt, the president of the American group of the interparliamentary union, in recognition of his efforts in the cause of peace. A woman shows good judgment when she buys White's Cream Vermifuge for her baby—the best worm medicine ever offered to mothers. ADVICE TO RHEUMATICS

Noted Physician Tells How to Prevent and Cure Rheumatism, Kidney and Bladder Troubles.

(By George Edmund Flood, M. D.)

If you would avoid Rheumatism and Kidney and Bladder Troubles be moderate in the consumption of heavy, rich foods, substitute as far as possible soups, broths, fresh milk, and water—lots of water. Take plenty of time to eat, and don't eat after you have had enough, even if it does taste good. If your work is confining take a moderate amount of exercise each day in the open air.

Of course, neither diet, water, rest, nor exercise will cure these afflictions. I advise them as preventives only. For the benefit of the readers of this article who are now afflicted with Rheumatism, Kidney, Bladder or Urinary trouble and desire to be cured quickly, I give below, complete in every detail, the famous prescription which has made me so successful in the treatment of those diseases that I have ever used. It is pleasant to take, it is not expensive, it can be filled by any druggist, and I believe it is the greatest prescription for Rheumatism, Kidney and Bladder Trouble ever written. It is also a valuable spring tonic and blood purifier. If you are a sufferer, save this, take it to your druggist and have it filled, or get the ingredients and mix them at home. Fluid Extract Cascara Armatic, ½ ounce; Concentrated Barkola Compound, 1 ounce; Fluid Extract Prickly Ash Bark, ½ drachm; Aromatic Elixir, 4 ounces.

Adult dose, take one teaspoonful after meals and at bedtime; children, one-fourth to one-half teaspoonful after meals.

After you are cured follow the advise I have given you in regard to diet, exercise and water, and you will not need the service of a physician again for these ailments.

Charged with Death of Parents.

Chicago, Ill., April 25.—A warrant charging Mrs. Saldeck with the murder of her father and mother, Mr. and Mrs. Frank Mette, has been taken out. Mrs. Mette died several weeks ago, and Frank Mette died on April 6. A chemical analysis has been shown that Mrs. Mette was poisoned by arsenic, and it is believed that her husband's death was caused in the same manner. There is no direct evidence against Mrs. Sladeck, but she has been under suspicion since the death of her mother. Three brothers of Mrs. Sladeck are now critically ill, and it is believed by the police that she endeavored to poison them.

Record Breaking Shipment.

New Orleans, April 26.—What is believed by merchants here to be by far the largest single shipment of rice on record reached this city Wednesday night from eastern Texas. The shipment amounted to 1,200,000 pounds, and 23 freight cars were required to carry it. A large part of the shipment is for export.

Fire at Summer Resort.

Millers Falls, Mass., April 26.—About one hundred summer cottages and a summer hotel at Lake Pleasant, 2 miles from here, were destroyed by fire Thursday. The loss is estimated at $115,000. The cause of the fire is not known. The settlement is controlled by the spiritualist camp meeting association.

Labor Leaders Will Protest.

New York, April 26.—Labor leaders are discussing a plan to hold a parade here on May 4th as a protest against the action of President Roosevelt in reiterating his declaration that Moyer and Haywood, the miners who are awiting trial in Idaho on the charge of murder, are "undesirable citizens."

HAIR TELLS CHARACTER.

Color of Hair Said to Indicate a Person's Temperament.

Many people believe that blonde, or light hair denotes affection and dark hair constancy. A person without hair is not devoid of character; far from it. The disposition of the average baldheaded man is to show such solicitude for the welfare of others, that he neglects himself. A germ causes baldness. Prof. Sabouraud, of Paris, France, inoculated a rabbit with Dandruff germs, causing it to become totally bald in five weeks' time. To rid the scalp of these dangerous germs it is necessary to apply Newbro's Herpicide.

One Thing at a Time

"I can't afford to advertise on a large scale," said a merchant lately, "and with my varied stock I wouldn't know where to begin on a small scale."

It is a common fallacy that the advertising must cover the whole stock.

In point of fact it never does, even with the most lavish advertisers, and, if it did, the result would be a jumble of prolixity. The true policy is to select one article at a time—something moderately priced and meeting the want of the day—and push that at the people.—Philadelphia Record.

STANDPAT ADVICE TO PRESIDENT

Free advice when not requested is rarely acceptable, and even the expensive counsel of lawyers and doctors is often neglected. Dr. James R. Day, chancellor of Syracuse University, in a late issue of Leslie's weekly gives his version of the issue of the panic and incidentally tenders his advice to President Roosevelt. "We are overloaded," says Dr. Day, "until about every form of business is outlawed. We have so many laws and so many sniffing commissions, so many special and assistant prosecuting attorneys barking on the scent that the business man today cannot tell from one day to another whose law he is violating. If President Roosevelt wants my suggestion for a remedy of evils I would say to him: 'Calm down. Study Washington's farewell address, as a caution against the misuse of the constitution; study Lincoln's mighty faith and superb patience and his charity for all; study McKinley's philosophical, practical sound sense and give the people a rest. The evils are to be corrected by the force of public sentiment acting sanely and calmly and they will vanish away into regions whence come all disturbing ghosts.'"

Jumping Jeosophat!' How can the President "calm down," with Harriman telling tales out of school and the ghost of the strumpet of corruption stalking in naked horror through the land—with all the tennis court cabinet rushing to the White House, at all hours, with tidings of a plot and conspirators and hair raising tales of the double dealing and grafting of this one and that one of the Republican politicians, how can the President hold down the lid no such a pandora box of political evils? Calm down! Why it is a wonder the roof of the White House is in place and it probably would not be if the whole truth of Republican corruption and depravity was exposed to a patient people.

It's all very well for Dr. Day, from his easy chair, with the Rockefeller millions behind him and the trust checks in front of him, to advise the President to calm down. He evidently does not know the worries and provocation that beset our chief magistrate and does not appreciate the rending of the Republican factions nor the political earthquake that is impending. How can President Roosevelt calm down when he is sitting on the cone of a political volcano that threatens eruption at any time?

With the fight in Ohio fairly started, it is only natural that the people who have become used to something doing every minute should be looking for fresh developments. They are likely to come in the fight for the Presidential nomination and come frequently. One of the next things that is expected is a show of hands in the South. There have been a number of conferences at the White House recently with influential men from the South and it is thought that the President will try to win the support of the negro vote now strongly inclined to Foraker. Of course the white vote of the South will not figure largely in the State primaries for the Republican nomination, and it is said that the outlook for the President among the colored voters is not so bright as it might be. For instance, Judson Lyons of Georgia, former register of the treasury, is supposed to be able to swing the Georgia delegation, and he is believed to be for Foraker or Fairbanks or anything to beat the President's choice. There will be a strong effort made to lineup some of the Southern States for President Roosevelt's nominee, but the outlook just now is none too bright and if there is anything done it will need to be done quite speedily.

Charley Conant, an old newspaper man and now a statistician and financial writer of recognized standing, called at the White House to pay his respects to the President this week. He is just back from Cuba and he explained the situation as it appeared to him. He says that both the local and the foreign governments are loath to see the United States let go of the island for purely practical reasons. Much money is needed for the sugar crop on which the prosperity of the island depends. The banks are perfectly willing to lend money on the crop so long as conditions are stable. But they are not willing to raise a loan if there is danger of a revolutionary outbreak while the money is still tied up in the crop. Everybody knows there is not going to be any revolution so long as the United States is in charge of the island, and so everyone is anxious for this government to keep hold till after the crop is harvested. And then they will want to do the same kind office till the next crop is harvested and so it will go. The Government does not want a perpetual job of lid-sitting in Cuba. But it looks as though it were going to be very hard to let go.

While Senator Beard was delivering his now famous address in behalf of his disfranchising bill, a negro hackman in the gallery was heard to say: "I sho' Lord ain't gwine hawl dat man in my hack, case he's agin de guvermint."

Senator Foraker did not even take trouble to be polite in telling little Nicholas to run away and play.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

SUICIDE AND MURDER.

Spurned Man Who Was Jilted Takes Her Own and Jilter's Life.

Oil City, Pa., April 26.—Thaddeus S. Ross, 35 years old, a clerk in the postoffice here, was shot and instantly killed by Miss Isabelle Stroup, 25 years old, a former sweetheart, who immediately shot herself through the heart.

Both victims of the tragedy were of prominent families. The shooting occurred in the office of Dr. George W. Magee, where Miss Stroup had called Ross by telephone while he was dining at his home.

Dr. Magee was absent from his office when the shooting occurred, and knew nothing of the tragedy until he returned and the two bodies partly prevented the office door from being opened.

Miss Stroup was employed in a hospital in Bradford, Pa., and arrived here at noon. She went directly to the physician's office, from which place she called Ross. Ross was to have been married to Miss Drusilla Sampsell, of this place. Miss Sampsell is prostrated.

Miss Stroup, it is said, was jealous because Ross was about to be married to another woman.

The Knock-out Blow.

The blow which knocked out Corbett was a revelation to the prize fighters. From the earliest days of the ring the knock-out blow was aimed for the jaw, the temple or the jugular vein. Stomach punches were thrown in to worry and weary the fighter, but if a scientific man had told one of the old fighters that the most vulnerable spot was the region of the stomach, he'd have laughed at him for an ignoramus. Dr. Pierce is bringing home to the public a parallel fact; that the stomach is the most vulnerable organ out of the prize ring as well as in it. We protect our heads, throats, feet and lungs, but the stomach we are utterly indifferent to, until disease finds the solar plexus and knocks us out. Make your stomach sound and strong by the use of Doctor Pierce's Golden Medical Discovery, and you protect yourself in your most vulnerable spot. "Golden Medical Discovery" cures "weak stomach," indigestion, or dyspepsia, torpid liver, bad, thin and impure blood and other diseases of the organs of digestion and nutrition.

The "Golden Medical Discovery" has a specific curative effect upon all mucous surfaces and hence cures catarrh, no matter where located or what stage it may have reached. In Nasal Catarrh it is well to cleanse the passages with Dr. Sage's Catarrh Remedy fluid while using the "Discovery" as a constitutional remedy. *Why* the "Golden Medical Discovery" cures catarrhal diseases, as of the stomach, bowels, bladder and other pelvic organs will be plain to you if you will read a booklet of extracts from the writings of eminent medical authorities, endorsing its ingredients and explaining their curative properties. It is mailed *free* on request. Address Dr. R. V. Pierce, Buffalo, N. Y. This booklet gives all the ingredients entering into Dr. Pierce's medicines from which it will be seen that they contain not a drop of alcohol, pure, triple-refined glycerine being used instead.

Dr. Pierce's great thousand-page illustrated Common Sense Medical Adviser will be sent free, paper-bound, for 21 one-cent stamps, or cloth-bound for 31 stamps. Address Dr. Pierce as above.

Just Because

Your cough is only in the throat and does not trouble you now, don't think that it needs no attention. When it has not had much of a start is the time to check it. The slightest cough easily leads to pneumonia, bronchitis and consumption. A bottle of Ballard's Horehound Syrup will cure that cough. The price puts it within reach of all. Sold by W. M. Johnson.

PHIFER BROS.,
Phifer's Corner, Gainesville, Fla.

The "Fire-Worshippers."

The most beautiful and unique performance ever seen in Gainesville was presented Wednesday evening on Mr. W. W. Hampton's spacious lawn by a number of the loveliest young ladies of this city. Under the rays of many colored lights tempered by the clear moon beams, clad in fine white raiment of the Grecian priestess, they came with slow and stately tread, winding in and out among the magnolia trees, keeping time to the sweet strains of piano and violins, which floated softly out to the audience from the piazza. Moving in harmony and exquisite grace and dignity they gave many classical postures, such as the "Invocation to the Altar," the "Attitude of Supreme Prayer" and others.

The young ladies are deserving of many thanks from the Guild of Holy Trinity church in whose behalf they labored so faithfully in getting up this part of the entertainment.

It was to be regretted that a performance so lovely and costing so much time and labor should have been interrupted by the antics of a lot of young hoodlums who had evidently never been taught the necessary requirements of appearing among the respectable element, and causing one to feel that before paved streets, municipal ownership of electric lighting plants or other improvements, Gainesville needed a reform school for its younger generation.

* * *

E. DeWitt Dow of Tampa is in the city, having been summoned here on account of the illness of his brother, W. E. Dow. The patient's condition was not reported favorable yesterday.

The friends of Eli Futch in this city will congratulate him upon his appointment to a committee clerkship in the House of Representatives at Tallahassee. Mr. Futch was formerly a page in the Senate, and has many friends among the Representatives at the State Capitol.

O. and G. Petree have returned from Ocala and Silver Springs, after an absence of two or three days. The latter, who recently arrived from the Klondike, was deeply impressed with the beauties of the famous spring, which he declares is one of the most marvelous works of nature he has seen in his extensive travels around the world.

Conductor Arthur Boring of the Seaboard Air Line, who makes his headquarters at Waldo, was in the city Thursday, having come to attend the meeting of Elks, of which he is an enthusiastic member. Captain Boring recently purchased the orange grove known as the Earle grove, near Waldo. This grove contains about 120 acres, and is one of the finest properties in that section.

For Sale or For Rent—The College Park Company offers for sale or rent a new eight-room residence in College Park, opposite the University. City water, electric lights and sewerage. House will be finished and ready for occupancy about May 15th. The company also offers for sale several very desirable lots directly opposite the University at the low price of $200. and $250—$10 down and $10 per months. B. R. COLSON, Sec.

T. J. Faus, for several years employed by The Sun as a compositor, left yesterday for DeFuniak Springs, where he has accepted a position on The Herald. The management of The Sun, together with Mr. Faus' associates, regretted very much to see him leave, but wish him well in his new home. Mr. Faus is one of the oldest and most widely known printers in this section of the State. He was working on The Times-Union when the yellow fever broke out in that city in 1888, and was one of the few who "stood by the craft" during that epidemic. He retained his position as compositor through this time, never losing a day.
